

Stylish, comfortable and durable DOG gear from young Danish brand

We design and manufacture high-quality DOG gear suitable for the everyday urban and off-road adventures with your dog. Our mission is to develop comfortable and durable dog products featuring a functional and attractive design. It's the balanced mix of quality, functionality and classic Danish design that differentiate us from other brands.

Inspired by the active life with our four-legged friends we only use the best materials available and always listen to feedback from our customers to ensure that all product details are perfected. Every returning customer is proof that we are walking the right path.

The DOG Copenhagen brand was founded in 2015 and today our products can be purchased through selected retailers in 20 countries and still counting. You can find the retailers closest to you from our online shop-finder.

If you are looking for a new dog harness, dog collar or dog leash and expect a little more, we invite you to take a closer look at our product range. We only collect happy customers!

Sincerely yours,
DOG Copenhagen
